

# INSTALLATION BROCHURE FOR

Three foot material is used exclusively on this installation. The distance from street and amount of copy needed lends itself to using this material. Note the two lines of 14" letters to give dealer more copy in space available.

This installation uses a combination of 36" privilege with 45" Trade-mark to more effectively display T.M. and dealer name. This location has a large parking lot in front, thus allowing the 45" and 36" material to be better used. Twenty-four (24) inch privilege panels are used at ends to reduce overall cost.

This installation utilizes 24" Goldline Privilege Panels with 36" square Trade-mark units at each end. This location proximity to the street lends itself to smaller panels. The 2' x 5' Trade-mark panel is used on one side for more effective Trade-mark display for longer visibility.

## Goldline Trade-mark Units

All units are formed to give third-dimensional look, and end flanges are of sufficient depth to permit privilege panels to be installed directly against them without overlap.

### GOLDLINE T.M. UNIT

3' x 7' — Code: 110  
2' x 5' — Code: 120  
16" x 40" — Code: 122

### GOLDLINE T.M. UNIT

45" Square—Code: 119  
36" Square—Code: 113

## Goldline Privilege Panels

The gold lines on the panels are designed as raised letter rails to which formed metal letters are attached with special self-drilling metal screws and letter mounting spacers. The 3' high panels can be used with one line of 24" letters, two lines of 14" letters, or one line of 14" letters, or an intermix of these as desired.

The 2' high panels have rails for one line of 14" letters, or 10½" decals can be used between the gold lines. See page 8 for proper spacing of letters.

### 3' GOLDLINE PRIVILEGE PANELS

#### 3' GOLDLINE PRIVILEGE PANEL—4'

Size: 36" x 50"  
Code: 117

#### 3' GOLDLINE PRIVILEGE PANEL—6'

Size: 36" x 74"  
Code: 114

### 2' GOLDLINE PRIVILEGE PANELS

#### 2' GOLDLINE PRIVILEGE PANEL—4'

Size: 24" x 50"  
Code: 127

#### 2' GOLDLINE PRIVILEGE PANEL—6'

Size: 24" x 74"  
Code: 124

## Goldline Privilege Units

These plain white units are formed to the same shape and size of the rectangle Trade-mark units. They can be used with Goldline Panels for special copy panels, using decals or painted copy, or can be mounted above or below Trade-mark units for single face signs, or on posts for single or double-faced signs.

### GOLDLINE PRIVILEGE UNIT—3' x 7'

Code: 111

### GOLDLINE PRIVILEGE UNIT—2' x 5'

Code: 121

## Goldline Letters

### 24" METAL LETTERS (GREEN)

Code: 032

Order average of 4 Code 030 Letter  
Mounting Spacers per letter.

### 14" METAL LETTERS (GREEN)

Code: 031

Order average of 3 Code 030 Letter  
Mounting Spacers per letter.

## Goldline End-Corner Pieces

### GOLDLINE END-CORNER PIECE—3'

(for 3' high panels)

Code: 118

### GOLDLINE END-CORNER PIECE—2'

(for 2' high panels)

Code: 128

Note: To use at corner, install piece at end of each panel and butt together. The shape permits any angle to be formed where the pieces come together. The end-corner piece is not required where Trade-mark panels are used at ends.
